From Dual AHRS to Dual Adaptive AHRS	\$950

**Time Saving Tip:** Before sending in your unit, save your programmed custom settings on a USB thumb drive for easy reloading in your new or upgraded unit. With most upgrades, this will get you back into the air in one easy step. See [www.grtavionics.com/features](http://www.grtavionics.com/features), "Back Up EFIS Settings," for more information.
